SUSHI CHEF Experience Sushi Chef , 05/2018 to 04/2019 Company Name – City , State Working for SnowFox sushi inside a King Soopers. Chef responsibilities include making rolls in the morning for the rest of the day, prepping all the roll ingredients in the afternoon for the next days morning shift, and putting away the order when it arrives. Evening Cook/Breakfast Cook , 04/2016 to 01/2017 Company Name – City , State Worked at The Winslow as an evening cook three nights a week and two mornings a week working as the morning cook. Cooper R. Snook is the head supervisor of the kitchen who I thoroughly enjoy working with and who taught me a lot of what I know now. Cook , 07/2014 to 12/2015 Company Name – City , State This was the job that I thoroughly enjoyed and learned a lot about myself as an individual and I captured my work ethic. My beginning duties included but were not limited to delivery orders. I excelled with this venture and by my end date I held the title of Assistant Manager. Cook , 05/2014 to 07/2014 Company Name – City , State A beginner job out of high school that I enjoyed and am glad I had the opportunity to work here. It was a face paced job that challenged me in many aspects of the food industry. Health and safety with food were very important factors for the tasks at hand. Learning and applying health department codes were a challenge, but I feel I gained knowledge about different avenues of this business. Receptionist , 08/2012 to 05/2014 Company Name – City , State I was awarded the opportunity to be employed at Poudre High School for my first job. I was an assistant receptionist to the front office. I benefited from this position in many ways. I was learned how to interact with very diverse group of individuals. My duties included assisting parents, students, staff and outside visitors with any information or direction that was needed. I benefited from the position in many ways, however the most important was learning to be a professional under pressure. Education High school diploma Poudre High School CIS : Computer Information Systems Front

Range Community College - City , State Summary My name is Evan Elias, I have recently made the important decision about my career. Computers are going fast and the world of computers is expanding to all the corners of the earth. I want to be part of this ever-evolving staple of humanity. I also want to be able to cook and provide for people who cannot do it themselves and be a contributor to technology in my course of life. I have taken many classes on programming and taught myself about the IT aspect of computers. I am very strong in math and I like to solve problems. I have taken many cooking classes and have worked in every position in a kitchen. Highlights I am very good under pressure from the experiences in the restaurant industry. I am very good with Technology whether it be solving a simple internet bug or it being a big list of coding.
