FACILITIES DESIGN AND CONSTRUCTION PROJECT MANAGER Summary Having worked as the Construction Project Manager for diverse healthcare construction projects with budgets over \$20 million, I am confident that I would make a valuable addition to your team. I have proven success delivering projects that stay within scheduled time frames and budget constraints. In addition to my professional experience, I bring with me extensive education, including Project Management Professional (PMP) Certification which further supports my business development. As a Facilities Design and Construction Project Manager for Scripps Health, I am in charge of all phases of the design and construction process for construction or refurbishment projects. While my on-the-job experience has afforded me a well-rounded skill set, including strengths in planning and negotiation, I also excel at meeting project milestones. Highlights Facilities Management and Development Project Management / Leadership Healthcare Construction, Design and Build OSHPD / Agency Experience Design Process & Construction Project Initiating through Closing Develop and Control Project Budget Develop and Manage Schedules Local Entitlement and Permitting Processes Project Reporting / Status Accomplishments Successfully led 45,420 sq. ft. Radiation Therapy project. Managed \$35.7M project with a \$21.2M construction budget. Directed \$11.8M project for 29,000 sq. ft. MSK facility. Oversaw 40,000 sq. ft. and \$7.8M Carlsbad project. Spearheaded \$7.1M project for SCIM Phase III. Experience 08/2005 to Current Facilities Design and Construction Project Manager Company Name ■ City , State Leadership for all phases (planning, scheduling and managing) of the design and construction process for new construction or refurbishment projects (hospital / medical office buildings).■ Managed and coordinated the planning, budgeting, scheduling, design, bidding, construction furnishings and relocation requirements of new construction and renovation projects.■ Selected projects include: Successfully led 45,420 sq. ft. Radiation Therapy project; managed a \$35.7M project budget with \$21.2M in construction costs. Directed \$11.8M project for 29,000 sq. ft. MSK facility, construction cost of \$5.7M.
